

# ***KD1 Series***

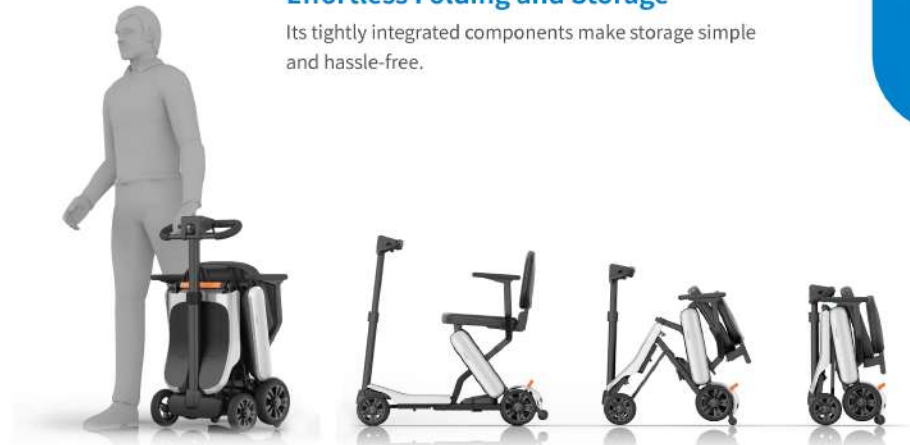

Lightweight Folding  
Mobility Scooter

Effortless Folding and Storage

Its tightly integrated components make storage simple and hassle-free.

Ring Handlebar Design With Display Screen

With an ergonomic ring handle bar and a large, easy-to-read display screen, the KD1 ensures intuitive and comfortable operation.

### Comfortable Footboard Design

The ergonomic upward tilt at the front, ensures maximum comfort and ease during rides.

### Smart Storage Solutions

Innovatively designed storage compartments on both sides make it easy to carry personal items.

### Head Light, Rear Lights And Warning Lights

Head lights and rear lights, along with warning lights, enhance safety and visibility, ensuring you are the focal point on the road, both day and night.

### Adjustable and Sturdy Armrests

The armrests are robust and adjustable, allowing for customized width to suit various needs.

### Personalized Color Options

Available in a variety of vibrant colors, the KD1 allows you to express your personal style. Choose the KD1 by Kangni Smart to make a unique statement with your mobility solution.
